ProHD

HEAVY DUTY COMPOUND
TO BOOST YOUR OPERATIONAL EFFICIENCY

ProHD. Maximum productivity.

SUPER PREMIUM COMPOUNDS HEAVY DUTY

Maximizing your operational efficiency is crucial to your profitability.

The ProHD Heavy Duty premium compound is engineered to increase the load capacity of your critical Material Handling applications.

Overloaded tires put at risk operational efficiency and driver safety. If you have experienced your tires cracking or even melting, the solution is the ProHD compound from Trelleborg.

Main Benefits

- Resists radial cracking
- Improved energy management
- Restricts heat build up in the tire
- Improves fuel economy/battery life
- Improved truck stability
- Available with Pit Stop Line
